Sept. 24th, 1926

Re - Pearl Bahmer

Informed at Superintendent, Bonnie Burns Sanitarium, Scotch Plains, N.J., that in the event of death patient Nicholas Bahmer made request that his daughter Viola Bahmer, 24 Haycock St., Rahway, N.J. be notified. This is said to be a "far advanced case".

Was directed to Building X as to his location. Found him confined to his bed in a ward on the 3rd floor.

In conversation with him he said State Troopers had been out to see him shortly less than a week ago, in endeavor to learn the present address of his daughter Pearl. Said he was compelled to tell them that he did not know, which he said at time was truth and fact. That a couple of days following their visit he did receive a letter from his daughter Pearl.

He took a letter from a box of stationery on a shelf of a table at his bedside and showed me the last page of regular letter paper, on which was written the following copy.

Address,

Mrs. Joseph Selvi,
58 Washington Street,
Saratoga, N.Y.

c/o Vestibule Hotel.

lovingly,
Pearl
